Disclaimer: It's possible that the features discussed in our evaluation may have changed since the time we reviewed the site. We still find it useful to display and discuss these features, though, since our aim is to learn from the good or bad design of the feature, regardless of when it was live on the site.

Our Methodology:

ZDNet and Creative Good have teamed up to bring you the best and the worst examples of e-commerce on the Web. In ranking a site, we use a specific methodology. The methodology alone should serve as a great set of guidelines for any e-commerce architect.
